

Grassroots Funding

Would you like to run an activity/event for local people that is fun AND allows local health (NHS) and care services to speak to individuals about their experiences of health services?

If yes, then read on...

We are offering funding to local organisations and groups to run an activity or event, enjoyable to their local community that we can attend and speak to people about their experiences of using local health and care services.

A maximum of £750 per event is available.

Example events include tea dances; pottery classes; pizza and movie afternoons, cultural activities etc.

Colleagues from the NHS will attend these events/activities and spend part of the time talking to local people about their experience of using local health and care services.

When is the funding available?

The funding will be advertised from March 2018 with the aim to start running the events from 7th May 2018. All events must be completed by September 2018.

How to apply

Please visit www.healthwatchsutton.org.uk and download an application pack. Applications must be received by Monday 16th April at 5pm.
